

# Marc and Evangeline Vergo (402) 598-5684

"Our chief enemy is the lie that says sin will make our future happier."  
John Piper

## Please Pray:

- For Marc as he begins training Mike on PeopleSoft. This is a "mission critical" need for Campus Crusade. During December the man who had the job before left unexpectedly.

- For the students applying to Orlando Summer Project.

Laughing with Evangeline's dad before surgery.

Dear friends,

Thank you so much for your prayers. ***Evangeline is doing well after surgery.*** On December 11th she had her gall bladder removed after discovering acute gall bladder disease.

After surgery, Evangeline had a series of infections and then complications from taking so many antibiotics. Even now, she is still low on energy, but continues to feel better.

We have so much to be grateful for. We believe your prayers made a huge difference, especially when Evangeline was getting so very sick after surgery. Here are a few of our praises:

- Evangeline's doctor said she could immediately see scarring and adhesions from chronic infection on her gall bladder. She is confident in a few months Evangeline is going to feel better than she has in years.
- Rona, my sister, works at the hospital and was able to pick out Evangeline's anesthesiologists, fill her prescriptions and visit (which was great because they wouldn't let anyone else see her for almost 5 hours afterward).
- Thanks to our amazing ministry partners, all of our medical expenses were covered by generous end-of-the-year gifts!!!

We are so very blessed!

*Would you please continue to pray for Evangeline? Please pray:*

- Evangeline's body would adjust to this "new normal" and she would not have any more infections.
- Evangeline would be 100% healthy soon—especially as we look forward to leading Orlando Summer Project. Evangeline is already meeting regularly with her team and accepting college interns.
- We would both be wise about balancing work, health and time together. We love our job! But we also know God is not honored when we work more than is healthy.

We love you and are so grateful for your prayers!

*Marc*

*Viva Vergo!* SNAPSHOTS OF LIFE

Marc's department spent a day building community and reconnecting. Here are a few of the people we love and work with in Orlando!
